Them have expressed the opinion that the rules (draft) are suitable

(2) The D.C Blue has suggested two alterations One is to the effect that the rule specifying the places set apart for the sales of vegetables should be separated from that intended for the sales of meat Rule 9 of the draft rules provide for this by implication two new rules is necessary

(3) The second point is that the rates in the schedule should be fixed so as to be applicable for periods of a month This is unnecessary as the fee is in the nature of a ground rent, to be levied daily for the space occupied by a particular shopkeeper

(4) The draft rules may be approved
